

The Hallberg-Rassy Rally where everybody wins

Start and finish at 11 o'clock on an imagined line between the green mark and the temporary buoy south east of the green mark. Please use the GPS time as start time as GPS is absolutely accurate. The course to sail is anti-clockwise. We sail the route two times.

This chart is not for navigation. It is roughly 6 nautical miles to sail.

We aim to take a lot of good photos, so please **no fenders** on deck nor at the transom, **fold the sprayhood down**, and do **fly your nationality flag!** Photos will first be published on facebook.com/hallbergassy and at the Saturday night dinner /prize giving.

The weatherforecast says a warm and sunny day, winds from NW, 6 knots / 3 m/s, increasing to 12 knots / 6 m/s and nice weather with sunshine and temperatures around 26 degrees Celsius.

This is a rally, not a race. There is no time keeping. Have fun!
